DETAILED ACTION

This communication is forwarded in response to the Applicant's amendment dated 5 April 2006 which was forwarded in response to final Office action dated 27 January 2006. The rejection of claims under 35 USC 112, second paragraph are hereby withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Although the preambles of independent claims 1, 24 and 29 incorporate a method for assembling a meal (claims 1 and 24) and a system for assembling a meal (claim 29), respectively, claims 1-10, 20-27 and 29-32 fail to incorporate either positive steps (claims 1-10 and 20-27) or elements (claims 29-32) that constitute the actual assembly of a meal.

Appropriate correction is required.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Art Unit: 3653

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-10, 20-27 and 29-32 are rejected under 35 U.S.C. 101 because the claimed invention lacks patentable utility. Specifically, said claims fails to incorporate any particular positive step (claims 1-10 and 20-27) or element (claims 29-32) that produce a concrete result (*i.e.*, assembling a meal).

Appropriate correction is required.

Response to Arguments

Applicant's arguments with respect to claims 1-23 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 3653

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
